Bastion: The Collegium Chronicles: Amazon.co.uk: Mercedes ...

This series feels like something Lackey just churned out to cater to fans who clamored for more stories set in Valdemar, keep a steady income rolling in without any effort, or both. From the start it's badly misnamed, as "The Collegium Chronicles" are really about Mags rather than about the first days of the Heralds creating their school.

Mercedes Lackey: Bastion

I have read nearly every Mercedes Lackey book written, I thought after the comments readers had posted on previous book in The Collegium Chronicles book 4, Miss Lackey may have upped her game as book 4 was full of empty chapters, randomly selecting whole tracts of previous titles in this series, and rambling on at great length about kirball games.

Bastion: Book Five of the Collegium Chronicles (A Valdemar ...

Story. 4.5 out of 5 stars 955. In this chronicle of the early history of Valdemar, Mercedes Lackey's best-selling world, a 13 year-old orphan named Magpie escapes a life of slavery in the gem mines when he is chosen by one of the magical Companion horses of Valdemar to be trained as a Herald.

Mags returns to the Collegium, but there are mixed feelings--his included--about him actually remaining there. No one doubts that he is and should be a Herald, but he is afraid that his mere presence is going to incite more danger right in the heart of Valdemar. The heads of the Collegia are afraid that coming back to his known haunt is going to give him less protection than if he went into hiding. Everyone decides that going elsewhere is the solution for now. So since he is going elsewhere--why not return to the place he was found in the first place and look for clues? And those who are closest to him, and might provide secondary targets, are going along. With Herald Jadrek, Herald Kylan (the Weaponsmaster's chosen successor), and his friends Bear, Lena, and Amily, they head for the Bastion, the hidden spot in the hills that had once been the headquarters of a powerful band of raiders that had held him and his parents prisoner. But what they find is not what anyone expected.

Mags travels to the Bastion, the fortress where his parents were murdered, in search of his parents' identity and a possible explanation for being pursued by Valdemar's enemies.

Magpie is a thirteen-year-old orphan chosen by one of the magical Companion horses of Valdemar and taken to the capital city, Haven, to be trained as a Herald. Like all Heralds, Magpie learns that he has a hidden Gift--the Gift of telepathy. But life at the court is not without obstacles. When Mags is "recognized" by foreign secret operatives whose purpose is unknown, Mags himself comes under suspicion. Who are Magpie's parents--who is he, really? Can Mags also solve the riddle of his parentage and his connection with the mysterious spies--and prove his loyalty--before the king and court banish him as a traitor?

Enter the thrilling third volume in the epic Collegium Chronicles. In Mercedes Lackey's classic coming-of-age story, the orphan Magpie pursues his quest for his parent's identity with burning urgency--while also discovering another hidden talent and being trained by the King's Own Herald as an undercover agent for Valdemar. Shy Bardic Trainee Lena has to face her famous but uncaring father, one of Valdemar's most renowned Bards. And Healing Trainee Bear must struggle against his disapproving parents, who are pressuring Bear to quit the Healers' Collegium because he lacks the magical Healing Gift. Each of the three friends must face his or her demons and find their true strength as they seek to become the full Heralds, Bards, and Healers of Valdemar.

Life at the Heralds' Collegium in Haven has definitely improved for Mags. He's even become something of a hero since risking his own life to rescue Amily--daughter of Nikolas, the King's Own Herald--from Karsite kidnappers. But Mags still doesn't know who his parents were, and Bear, Mags' Trainee friend, was not one to let him forget: "You gotta deal with your past Mags, you have to. If you don't, it'll just keep coming back to haunt you, and one day it'll do something to you that you can't get out of." Mags began his special training as Nikolas' undercover partner and future spy for the crown. Disguised, they work at night in one of the seedier parts of Haven, where Nikolas had set up a false identity as a pawnbroker and fence. Mags poses as his deaf-mute nephew, covertly watching and listening from behind the desk. He was especially good at the trait that had kept him alive as a child laborer in the gem mine--ferreting out hidden motives. Now Mags has graduated to a new role: Nikolas' partner and information broker. Mags channels his old cunning self from the mines and discovers that he's quite good at his new job. So good, in fact, that Nikolas decides to let him open the shop alone one hot, summer night. Mags has barely unlocked the shop when everything goes black in a blinding flash of pain. He wakes with an agonizing headache, bound, blindfolded, in a conveyance of some kind. But worst of all, he's head-blind. No Mindspeech--he can't even sense Dallen. And if he can't sense or hear Dallen, then no one can sense him. And if no one can sense him, no one can come to his rescue.

The long-awaited brand new novel in the bestselling Valdemar series. In this chronicle of the early history of Valdemar, Mercedes Lackey's bestselling world, a thirteen year- old orphan named Magpie escapes a life of slavery in the gem mines when he is chosen by one of the magical Companion horses of Valdemar to be trained as a Herald. Thrust into the center of a legend in the making, Magpie discovers talents he never knew he had and witnesses the founding of the great Heralds' Collegium.

His name is Lavan Firestorm, a young man blessed--and cursed--with a special talent for firestarting. His legend has haunted the darkest corners of Valdemar, yet the truth has never been told. Here, at last, is his story.

Mags returns to the Collegium, but he is afraid that his presence will incite more danger in the heart of Valdemar. With Herald Jadrek, Herald Kylan and his friends Bear, Lena, and Amily, he heads for the bastion: the hidden spot in the hills that had once been the headquarters of a powerful band of raiders that had held him and his parents prisoner.

This stand-alone novel in the Valdemar series continues the story of prickly weapons-master Alberich. Once a heroic Captain in the army of Karse, a kingdom at war with Valdemar, Alberich becomes one of Valdemar's Heralds. Despite prejudice against him, he becomes the personal protector of young Queen Selenay. But can he protect her from the dangers of her own heart?

GOD (AND ELFLAND) SAVE THE QUEEN Peace reigns in Elfland. Incredibly, King Oberon and his exquisite but willful queen, Titania, are at peace with one another. But still the FarSeers of the Selleghe Court are uneasy. They fear trouble is coming to the mortal world of England, which is close to Elfhame Avalon. King Henry VIII is ageing but the futures shown when the FarSeers lift the great crystal lens are unchanged. The rule of the son Great Harry finally succeeded in begetting will bring gray lives and a misery of dull oppression to England. Worse will come if his eldest daughter comes to the throne--a queen warped by fanaticism who might easily summon the Inquisition to rule by torture and fire. Burning out heresy ... and every bright aspect of life. The prize at the end of the rainbow is the possibility of a red-haired queen with lion-gold eyes, brilliant with interest and curiosity, welcoming the blossoming of art, music, and literature. But now the last image is flickering, edged in a dark menace. Years before, Prince Vidal had tried to seize the child Elizabeth and replace her with a simulacrum who would soon die. Vidal had been wounded almost to death in the attempt--but so also had Denoriel, Elizabeth's principal protector. Denoriel is now healing--but so, unbeknownst to those of the Bright Court, is Vidal. And when Vidal wakes to himself, his determination to hurl England into a new dark age is fiercer than ever, fueled by his fury over his defeat and injury. Also, his Dark Court feeds on human suffering and dark emotions. To ensure his own power, he must at all costs prevent Elizabeth from coming to the throne. To gain this goal, Vidal has set in motion a plan of which Denoriel and his comrades are dangerously unaware. . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).
