A set of books on the Industrial Revolution, these comprehensive volumes cover the history of steam shipping, iron and steel production, and railroads-three interrelated enterprises that helped shift the Industrial Revolution into overdrive.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

Healthcare providers, consumers, researchers and policy makers are inundated with unmanageable amounts of information, including evidence from healthcare research. It has become impossible for all to have the time and resources to find, appraise and interpret this evidence and incorporate it into healthcare decisions. Cochrane Reviews respond to this challenge by identifying, appraising and synthesizing research-based evidence and presenting it in a standardized format, published in The Cochrane Library (www.thecochranelibrary.com). The Cochrane Handbook for Systematic Reviews of Interventions contains methodological guidance for the preparation and maintenance of Cochrane intervention reviews. Written in a clear and accessible format, it is the essential manual for all those preparing, maintaining and reading Cochrane reviews. Many of the principles and methods described here are appropriate for systematic reviews applied to other types of research and to systematic reviews of interventions undertaken by others. It is hoped therefore that this book will be invaluable to all those who want to understand the role of systematic reviews, critically appraise published reviews or perform reviews themselves. The third reader in the set continues spelling exercises in the first half and introduces definitions in the latter half of the book.

First published in 1938, 'Anthem' is a dystopian fiction novel by British writer Ayn Rand. It takes place at some unspecified future date when mankind has entered another dark age. Technological advancement is now carefully planned and the concept of individuality has been eliminated.

Paul Fisher sees the world from behind glasses so thick he looks like a bug-eyed alien. But he’s not so blind that he can’t see there are some very unusual things about his family’s new home in Tangerine County, Florida. Where else does a sinkhole swallow the local school, fire burn underground for years, and lightning strike at the same time every day? The chaos is compounded by constant harassment from his football–star brother, and adjusting to life in Tangerine isn’t easy for Paul—until he joins the soccer team at his middle school. With the help of his new teammates, Paul begins to discover what lies beneath the surface of his strange new hometown. And he also gains the courage to face up to some secrets his family has been keeping from him for far too long. In Tangerine, it seems, anything is possible.

The Newbery Honor Book and New York Times Bestseller that is historical fiction with a hint of mystery about living at Alcatraz not as a prisoner, but as a kid meeting some of the most famous criminals in our history. Al Capone Does My Shirts has become an instant classic for all kids to read! Today I moved to Alcatraz, a twelve-acre rock covered with cement, topped with bird turd and surrounded by water. I'm not the only kid who lives here. There are twenty-three other kids who live on the island because their dads work as guards or cooks or doctors or electricians for the prison, like my dad does. And then there are a ton of murderers, rapists, hit men, con men, stickup men, embezzlers, connivers, burglars, kidnapers and maybe even an innocent man or two, though I doubt it. The convicts we have are the kind other prisons don't want. I never knew prisons could be picky, but I guess they can. You get to Alcatraz by being the worst of the worst. Unless you're me. I came here because my mother said I had to.
