The Fall of Capitalism and the Rise of Islam provides a critical analysis of the current financial crisis in the US and the world at large. It concludes that the current crisis could very well be a sign of failure of the underlying system of capitalism. The book shows that the system of capitalism contains serious faults and defects at the core theory level. Economic and financial crisis periodically occur whenever these defects are triggered by various conditions and political decisions during the life of capitalism. The collapse of financial institutions, the crash of the housing market, the evaporation of trillions of dollars, the creation of virtual unreal wealth, and the decline of productivity are symptoms of the potential failure of the ideology of capitalism. This failure has serious impact on the life quality of billions of people around the world who suffer from poverty, hunger, health insecurity, lack of education, and serious inhuman conditions. The world order under capitalism witnessed multiple world wars, political and economic instability, colonialism, absence of peace, deprivation of justice and polarization of wealth and power. This book predicts a potential crash and collapse of the world order under the pressure of a failing

capitalism. Concurrent to the decline and potential collapse of capitalism, the book makes an account of another global phenomenon, namely the second rise of Islam. The rise of Islam, similar to the first one that lasted for thirteen hundred years, is a comprehensive rise that brings up the economic system together with the political system, and the moral system together with the legal system. It is much needed and sought to introduce to the world a system full of justice, fairness, and geared toward productivity and human righteousness. The new rise of Islam is argued to be in the best interest of the human societies around the world, and that the propagated fear of this rise is unfounded. The book provides a detailed description of the economic system and the political economy of Islam. It provides compelling evidence that the Islamic political economy characterized by sustained productivity and wealth distribution guarantees the satisfaction of the basic needs of a human. The Islamic political economy integrates several mechanisms for natural distribution of wealth, while it maintains a high level of productivity through the inhibition of usury, hoarding, and exploitation. The Fall of Capitalism and the Rise of Islam makes extensive references to a score of historians, scholars, and scientists who provide a fair testimony of the Islamic civilization and the ideology of Islam.

Perhaps the best Quran English translation. It is clear, easy to read, and very faithful to the Arabic original. It closely follows the Arabic text, and often reminds the reader of the Arabic original. It uses today's English language, and today's English vocabulary, thus it is easy to read and understand. The flow is smooth, the sentence structure is simple, the meaning is clear. This Quran translation has no interpretations, no footnotes, and no explanations. It is a pure translation of the Quran, from Arabic to English, and it does not try to emphasize any school of thought. The text purely and accurately translates the Holy Quran, from Arabic, into contemporary English. It was translated by a Muslim, who saw firsthand the miracles inside the Quran. His native language is Arabic; his everyday language is American English. For 15 years, he studied the Quran. For many years, he translated speech between his mother and his wife. For a living, he develops quality software. This Quran translation is available in two editions. This edition (A) uses the word "Allah" to refer to the Creator. Edition (B) uses the word "God". Quran Sura 91. The Sun. ash-Shams. In the name of Allah, the Gracious, the Merciful. 1. By the sun and its radiance. 2. And the moon as it follows it. 3. And the day as it reveals it. 4. And the night as it conceals it. 5. And the sky and He who built it. 6. And the earth and He who spread it. 7. And the soul and He who proportioned it. 8. And inspired it with its wickedness and its righteousness. 9. Successful is he who purifies it. 10. Failing is he who corrupts it. 11. Thamood denied in its pride. 12. When it followed its most wicked. 13. The messenger of Allah said to them, "This is the she-camel of Allah, so let her drink." 14. But they called him a liar, and hamstrung her. So their Lord crushed them for their sin, and leveled it. 15. And He does not fear its sequel. The Quran is the last Book from the Creator. It contains guidance, mercy, and healing. The Quran is a blessing, within reach.
