There is a whole chapter on this in the FAST GUIDE, and after an evening of trying to figure it out for myself (and much frustration) the FAST GUIDE had me straightened out in 6 minutes. Literally! The solution was ridiculously simple but I didn't even know that there were options for MIDI inputs and outputs.

This is not Simon Millward's first book on Cubase, and those who have the earlier 'Fast Guide to Cubase 4' may wonder whether its worth purchasing this new version. That's a tough call. One the upside, the Cubase 4 guide was released before there was a major update to the software of Cubase 4, and the changes in this book reflect the alterations in that software that carried across to version 5.
