Fourteen-year-old John Barron is asked, like his father and grandfather before him, to spend the summer taking care of their sheep in the haymeadow. Six thousand sheep. John will be alone, except for two horses, four dogs, and all those sheep. John doesn't feel up to the task, but he hopes that if he can accomplish it, he will finally please his father. But John finds that the adage "things just to sheep" is true when the river floods, coyotes attack, and one dog's feet get cut. Through it all he must rely on his own resourcefulness, ingenuity, and talents to survive this summer in the haymeadow.

Longlisted for the National Book Award The Newbery Honor – winning author of Hatchet and Dogsong shares surprising true stories about his relationship with animals, highlighting their compassion, intellect, intuition, and sense of adventure. Gary Paulsen is an adventurer who competed in two Iditarods, survived the Minnesota wilderness, and climbed the Bighorns. None of this would have been possible without his truest companion: his animals. Sled dogs rescued him in Alaska, a sickened poodle guarded his well-being, and a horse led him across a desert. Through his interactions with dogs, horses, birds, and more, Gary has been struck with the belief that animals know more than we may fathom. His understanding and admiration of animals is well known, and in This Side of Wild, which has taken a lifetime to write, he proves the ways in which they have taught him to be a better person.

Celebrate the thirtieth anniversary of the Newbery Honor – winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America ' s best-loved novels by PBS ' s The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother ' s infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

A collection of activities including reproducible pages, teacher notes, synopses, discussion questions, and comprehension assessments, designed to help students understand five works by author Gary Paulsen.

Because of his success surviving alone in the wilderness for fifty-four days, fifteen-year-old Brian, profoundly changed by his time in the wild, is asked to undergo a similar experience to help scientists learn more about the psychology of survival.

Instead of being rescued from a plane crash, as in the author's book "Hatchet," this story portrays what would have happened to Brian had he been forced to survive a winter in the wilderness with only his survival pack and hatchet.

Enjoying the computer game that arrived mysteriously without a return address, young Chris Masters plays obsessively and eventually comes to realize that the world of the game is real.

After having survived alone in the wilderness, Brian finds that he can no longer live in the city but must return to the place where he really belongs.
