Introduction: Meet Frank, Jordan, and Stephanie How can it be that three coworkers who have the same salaries have vastly different financial profiles? Learn how Frank has allowed a common daily expense to ruin his finances, while Jordan is forced to take on a second job to support her spending. However, Stephanie manages to avoid these problems, and is now saving money for retirement using her employer's 401(k) plan. We'll visit these three colleagues in later chapters, to see how they deal with specific personal finance issues. Chapter 1: Taking Stock of your Life & Finances This chapter

provides a simple framework for identifying priorities, assets, and obligations (such as taxes and other fixed expenses) as well as items in your budget that can be reduced. Chapter 2: Reducing Flexible Expenses We'll examine Frank and Jordan's problem spending, from lunchtime excursions to luxuries. Stephanie has an interesting money-saving approach that saves her thousands, which we'll discuss here. Discover some simple ways to alter your daily habits and reward yourself for spending less! Chapter 3: Reducing Fixed Expenses In this chapter, we're going to take a look at the fixed expenses that almost everyone has to deal with – car payments, mortgages, telecommunication costs, home energy costs, and more – and list some practical ways in which these expenses can be reduced. Jordan's credit card debt is also explored in detail, with an eye toward paying down high-interest cards that can cause the most long-term pain. Chapter 4: Managing Your Accounts & Data The final chapter of this guide deals with how to better organize bills, financial data, and other records. There are important reasons to have established systems for organizing paper and electronic records. We'll take a look at some great tools that make organizing and tracking much easier.

The media environment of today is characterised by two critical factors: the development and adoption of ubiquitous mobile devices, and the strengthening of connectivity enabled by advances in ICT infrastructure and social media platforms. These developments have changed interactions and relationships between citizens and cultural custodians, as well as the ways archives are developed, kept, and used. Archives are now characterised by greater socialisations and networks that actively contribute to the signification of cultural heritage value. A range of new stakeholders, many of whom include the public, have sought to define what needs to be collectively

Remembered and forgotten. The world in which one or a few professional archivists worked on the sole mission of shaping how a society remembers is being displaced by a more democratised culture and the new generation of digitally networked archivists that are its natives. Using a range of case studies and perspectives, this book provides insights to the many ways that ubiquitous media have influenced archival practices and research, as well as the social and civic consequences of present-day archives. This book was published as a special issue of Archives and Manuscripts.
