groundbreaking work, Vijay Mehta shows how attempts at peaceful national development are routinely blocked by Western powers. He centers the 2008 financial crisis in US attempts to block China's model of development. He shows how Europe and the US conspire with regional dictators to prevent countries from developing advanced industries, and how this system has fed terrorism. Mehata argues that a different world is possible, based on policies of disarmament, demilitarization, and sustainable development. This original and thought-

I had just moved into my first apartment and finally felt like I was free. I was holding down a job and handling everything on my own enjoying my new place until one day I found out I wasn't the only one enjoying it. Somehow and someway I was being watched. But how and by whom? I would soon find out that there were cameras that I couldn't see in my apartment not by word

of mouth but by watching the daily news and learning from tips I was getting from my friends on social media sites like Facebook, Snapchat, and Instagram. And what started as a small joke between close friends soon spilled over into the entertainment world from music to sports and even daytime shows until it eventually reached the head of our country, the president of the United States.

To predict our future, we must look to the extremes. So argues the economist Richard Davies, who takes readers to the margins of

the modern economy and beyond. These extreme economies illustrate the forces that test human resilience, drive societies to failure, and promise to shape our collective future. Reviving a foundational idea from the medical sciences, *Extreme Economies* turns the logic of modern economics on its head by arguing that these outlier societies can teach us more about our own than we might imagine. By adapting to circumstances unimaginable to most of us, the people in these societies are pioneering the economic infrastructure of the future.

been gambled away by his father. To an heiress! The delicious details thus far... Nicolas, Lord Hatherly, never intended to marry—nor add to the “mad” Hatherly line—but now he must honor his father’s debt to a social-climbing merchant or lose the family estate. A notoriously wild marquess, won by her father at a game of cards, is the very last thing Miss Alice Tombs wants. She’s spent the last three seasons repelling suitors in spectacular fashion so she’d be at liberty to explore the world. She’ll just have to drive this one away as well. Until Nick proposes an
