Mastering Audio : The Art and the Science
by Bob Katz ...

After reading (no, devouring) Mastering Audio I had mostly good feelings and it is difficult for me to describe why it wasn't great. Bob Katz is absolutely spot on about the state of mastering in the past decade and that over compressing audio has ruined music. It is without a doubt required reading on the subject.

Amazon.com: Customer reviews: Mastering
Audio: The Art and ...

The author knows his stuff. This is very clear. It is my opinion however, that the writer comes of as quite a bit of an audio snob. Also, he spends a significant amount of time discussing very high end and expensive mastering equipment. I think this book is more geared for audio professionals and not home studio / project studio owners.
