fundamental new solutions. It is about Tara and Nevio, leaders, how life prepared them for the purpose of being President to integrate this financial floor into society for everyone. It describes their journey from vision, research, discussion, action to becoming reality and it describes an idea how to finance it with the help of the YangCoin, a cryptocurrency invented just for the payment of UBI to the people, decentralized, non-governmental. The story combines imagination, real life experience, real facts and links so that the reader can realize how close we could be to this idea of receiving UBI and what amazing evolutionary fundamental change this impact-chain-reaction with UBI will start. With describing a possible vision we all can have a glimpse of the whole picture of change. Learn more about the content, watch the Booktrailers: <https://www.youtube.com/watch?v=vRa70Mc2IRE>

Transform your life. Rewrite your destiny. In his most personal novel to date, internationally best-selling author Paulo Coelho returns with a remarkable journey of self-discovery. Like the main character in his much-beloved *The Alchemist*, Paulo is facing a grave crisis of faith. As he seeks a path of spiritual renewal and growth, he decides to begin again: to travel, to experiment, to reconnect with people and the landscapes around him. Setting off to Africa, and then to Europe and Asia via the Trans-Siberian Railway, he initiates a journey to revitalize his energy and passion. Even so, he never expects to meet Hilal. A gifted young violinist, she is the woman Paulo loved five hundred years before—and the woman he betrayed in an act of cowardice so far-reaching that it prevents him

from finding real happiness in this life. Together they will initiate a mystical voyage through time and space, traveling a path that teaches love, forgiveness, and the courage to overcome life's inevitable challenges. Beautiful and inspiring, Aleph invites us to consider the meaning of our own personal journeys: Are we where we want to be, doing what we want to do? Some books are read. Aleph is lived. This eBook edition includes an excerpt from Paulo Coelho's Manuscript Found in Accra and a Reading Group Guide!

Alex Capus's novels have been runaway best-sellers in Germany, and his novel Léon and Louise received widespread critical acclaim on its English publication in 2012. A Price to Pay, the fourth of Capus's novels to be published in English, tells the interwoven stories of three disparate figures from interwar Switzerland: pacifist

Felix Bloch, who ends up working on the Manhattan Project; Laura d’Oriano, who wants to become a singer but instead becomes an Allied spy in fascist Italy; and Emile Gillieron, who accompanies Heinrich Schliemann to Troy and becomes one of art’s greatest forgers. Taking off from the only moment in history when all three were in the same place—a November day in 1924 at Zürich Station—Capus traces their diverging paths as they secure their places in the annals of history—but at what price?

From Bernhard Schlink, the internationally best-selling author of *The Reader*, come seven provocative and masterfully calibrated stories. A keen dissection of the ways in which we play with truth and less-than-truth in our lives. *Summer Lies* brims with the delusions, the passions, the outbursts, and the sometimes irrational

justifications people make within a mélange of beautifully rendered relationships. In "After the Season," a man falls quickly in love with a woman he meets on the beach but wrestles with his incongruous feelings of betrayal after he learns she's rich. In "Johann Sebastian Bach on Ruegen," a son tries to put his resentment toward his emotionally distant father behind him by proposing a trip to a Back festival but soon realizes, during his efforts to reconnect, that it wasn't his father who was the distant one. A philandering playwright is accused to infidelity by his wife in "The Night in Baden-Baden," but he sees her accusations as nothing more than a means to exculpate himself of his guilt as he carries on with his ways. And in "Stranger in the Night," an obliging professor becomes an accomplice—not entirely unwittingly—to the temporary escape of a charismatic fugitive on a

delayed flight from New York to Frankfurt. The truth, as once character puts it, is “passionate, beautiful sometimes, and sometimes hideous, it can make you happy and it can torture you, and it always sets you free.” Tantalizingly, so is the act of telling a lie—to others and to ourselves.

A classic masterwork of spiritual tension and realization from Paulo Coelho, this powerful story of one man’s battle with self-doubt and fear is now available in a beautiful new package from HarperOne.
