persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..

Although it seemed in the mid-1970s that the study of the troubadours and of Occitan literature had reached a sort of zenith, it has since become apparent that this moment was merely a plateau from which an intensive renewal was being launched. In this new bibliographic guide to Occitan and troubadour literature, Robert Taylor provides a definitive survey of the field of Occitan literary studies - from the earliest enigmatic texts to the fifteenth-century works of Occitano-Catalan poet Jordi de Sant Jordi - and treats over two thousand recent books and articles with full annotations. Taylor includes articles on related topics such as practical approaches to the language of the troubadours and the musicology of select troubadour songs, as well as articles situated within sociology, religious history, critical methodology, and psychoanalytical analysis. Each listing offers descriptive comments on the scholarly contribution of each source to Occitan literature, with remarks on striking or controversial content, and numerous cross-references that identify complementary studies and differing opinions. Taylor's painstaking attention to detail and broad knowledge of the field ensure that this guide will become the essential source for Occitan literary studies worldwide.
