Trumpet: Picador Classic By (author) Jackie Kay. With an introduction by Ali Smith. When the love of your life dies, the problem is not that some part of you dies too, which it does, but that some part of you is still alive. The death of legendary jazz trumpeter Joss Moody exposes an extraordinary secret.

With an introduction by Nicola Sturgeon 'Like the best memoirs, this one is written with novelistic and poetic flair. Red Dust Road is a fantastic, probing and heart-warming read' Independent From the moment when, as a little girl, she realizes that her skin is a different colour from that of her beloved mum and dad, to the tracing and finding of her birth parents, her Highland mother and Nigerian father, Jackie Kay's journey in Red Dust Road is one of unexpected twists, turns and deep emotions. In a book remarkable for its warmth and candour, she discovers that inheritance is about much more than genes: that we are shaped by songs as much as

by cells, and that what triumphs, ultimately, is love.

Originally published: London: Picador, 2010.

After dying, a jazz musician in Scotland is discovered to be a woman. The novel describes the way Joss Moody, a black trumpet player, manages to maintain her charade as husband and father.

'Kay gives hugely of her talent; pours it onto the page . . . These stories charm, move and entertain' Guardian This fierce, funny and compassionate collection explores every facet of that most overwhelming and complicated of human emotions: love. With winning directness, Jackie Kay captures her characters' greatest joy and greatest vulnerability, exposing the moments of tenderness, of shock, of bravery and stupidity that accompany the search for love, the discovery of love and, most of all, love's loss. 'Jackie Kay's characters sing from the page' Daily Telegraph 'At the heart of it is a faith in stories themselves: a belief that the most desolate history can be lent coherence if you tell it right' TLS 'Kay's humour and optimism are transcendent' Sunday Herald

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones,

and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

Ian McEwan once said, 'When women stop reading, the novel will be dead.' This book explains how precious fiction is to contemporary women readers, and how they draw on it to tell the stories of their lives. Female readers are key to the future of fiction and—as parents, teachers, and librarians—the glue for a literate society. Women treasure the chance to read alone, but have also gregariously shared reading experiences and memories with mothers, daughters, grandchildren, and female friends. For so many, reading novels and short stories enables them to escape and to spread their wings intellectually and emotionally. This book, written by an experienced teacher, scholar of women's writing, and literature festival director, draws on over 500 interviews with and questionnaires from women readers and writers. It describes how, where, and when British women read fiction, and examines why stories and writers influence the way female readers understand and shape their own life stories. Taylor explores why women are the main buyers and readers of fiction, members of book clubs, attendees at literary festivals, and organisers of days out to fictional sites and

writers' homes. The book analyses the special appeal and changing readership of the genres of romance, erotica, and crime. It also illuminates the reasons for British women's abiding love of two favourite novels, *Pride and Prejudice* and *Jane Eyre*. Taylor offers a cornucopia of witty and wise women's voices, of both readers themselves and also writers such as Hilary Mantel, Helen Dunmore, Katie Fforde, and Sarah Dunant. The book helps us understand why—in Jackie Kay's words—'our lives are mapped by books.'

Jackie Kay's new collection is a lyric counterpart to her memoir, *Red Dust Road*, the extraordinary story of the search for her Nigerian and Highland birth-parents; but it is also a moving book in its own right, and a deep enquiry into all forms of human friendship. *Fiere – Scots for 'companion, friend, equal'* – is a vivid description of the many paths our lives take, and of how those journeys are made meaningful by our companions on the road: lovers, friends, parents, children, mentors – as well as all the remarkable and chance acquaintances we would not otherwise have made. Written with Kay's trademark wit and flair, and infused with both Scots and Igbo speech, it is also a fascinating account of the formation of a self-identity – and the discovery of a tongue that best honours it. Musical and moving, funny and profound, *Fiere* is Jackie Kay's most accomplished, assured and ambitious collection of poems to date.

A beautiful genre-bending tribute to the larger-than-life blues singer Bessie Smith. Scotland's National Poet blends poetry, prose, fiction, and nonfiction to create an entirely unique biography of the Empress of the Blues. There has never been anyone else like Bessie Smith. Born in Chattanooga, Tennessee, in 1894 and orphaned by the age of nine, Bessie Smith sang on street corners before becoming a big name in

traveling shows. In 1923, she made her first recording for the newly founded Columbia Records. It sold 780,000 copies and catapulted her to fame. Known for her unmatched vocal talent, her timeless and personal blues narratives, her tough persona, and her ability to enrapture audiences with her raw voice, the Empress of the Blues remains a force and an enigma. In this remarkable book, Kay combines history and personal narrative, poetry and prose to create an enthralling account of an extraordinary life, and to capture the soul of the woman she first identified with as a young Black girl growing up in Glasgow. Powerful and moving, Bessie Smith is at once a vivid biography of a central figure in American music history and a personal story about one woman's search for recognition. A VINTAGE ORIGINAL.

Uprooted from her beloved Great Western Beach, Emma Smith moves with her family from Newquay to the Devonshire village of Crapstone. But the dust has hardly settled when tragedy strikes, and Emma's father, a DSO-decorated hero of the Great War, is so frustrated by the hardship of life as a lowly bank clerk and by his thwarted artistic ambitions that he suffers a catastrophic breakdown - from which disaster Emma's resourceful mother rallies courageously. Then, in 1939, the war again becomes a reality. Emma's sister Pam at once enlists with the WAAF and Jim, her politically minded brother, after initially declaring himself a pacifist, joins the RAF. But what should Emma, aged only sixteen, do? Secretarial collage equips her for a job with MI5 but it's dull work and Emma yearns for fresh air. She is rescued by a scheme taking on girls as crew for canal boats. Freedom! The war over, Emma travels to India with a documentary film company, lives in Chelsea, falls in love in France and spends time in Paris where she sets about mending a broken heart by writing her first novel. Sitting beside the Seine during a

heatwave with her typewriter on her knees, she is unwittingly snapped by legendary photographer Robert Doisneau. The zest, thirst for life and buoyant spirits of Emma, as she recalls in evocative detail the quality of England in the thirties and forties give *As Green as Grass* the feel of a ready-made classic.
