Art III: Modern 1800–2000, with Rick Steves Fakes in the art world—The mystery conman | DW Documentary The Forging Of The Modern

Evans's Forging of the Modern State is not controversial history, except insofar as it is driven by socio-economic causes that have become old-fashioned. The title says it all, with early industrial Britain having been the background for the forging of a modern political system, over a span of eighty or so years.
