This fast-paced action novel is set in a future where the world has been almost destroyed. Like the award-winning novel *Freak the Mighty*, this is Philbrick at his very best. It's the story of an epileptic teenager nicknamed Spaz, who begins the heroic fight to bring human intelligence back to the planet. In a world where most people are plugged into brain-drain entertainment systems, Spaz is the rare human being who can see life as it really is. When he meets an old man called Ryter, he begins to learn about Earth and its past. With Ryter as his companion, Spaz sets off an unlikely quest to save his dying sister -- and in the process, perhaps the world.

Last Words: The Final Journals of William S. Burroughs is the most intimate book ever written by William S. Burroughs, author of Naked Lunch and one of the most celebrated literary outlaws of our time. Laid out as diary entries of the last nine months of Burroughs's life, Last Words spans the realms of cultural criticism, personal memoir, and fiction. Classic Burroughs concerns -- literature, U.S. drug policy, the state of humanity, his love for his cats -- permeate the book. Most significantly, Last Words contains some of the most personal work Burroughs has ever written, a final reckoning with his life and regrets, and his reflections on the deaths of his friends Allen Ginsberg and Timothy Leary. It is a poignant portrait of the man, his life, and his creative process -- one that never quit, not even in the shadow of death.

thanks in no small part to the success of Green's 2012 masterpiece: *The Fault in Our Stars*. As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's tales of teen angst and tragedy. *Looking for Alaska* tells the story of Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, as he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" portion of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.

A collection of ten stories, the first written in 1923 and the last in 1988. These will be arranged in chronological order reversed and there will be a short preface by the author. From the bestselling author of *Less Than Zero* and *American Psycho*, *The Rules of Attraction* is a startlingly funny, kaleidoscopic novel about three students at a small, affluent liberal-arts college in New England with no plans for the future--or even the present--who become entangled in a curious romantic triangle. Bret Easton Ellis trains his incisive gaze on the kids at self-consciously bohemian Camden College and treats their sexual posturings and agonies with a mixture of acrid hilarity and compassion while exposing the moral vacuum at
