In the 1980s, corporate managers began to realize that brands have financial and strategic value, as well as emotional and cognitive associations. A brand can enhance itself over time, since it grows as its product or service grows. The product embodies the brand and becomes the main way that customers evaluate it.

The New Strategic Brand Management Free Summary by Jean ...

A brand, Kapferer argues, is not a product, but the product's essence, its meaning, and its direction. Strategic brand management starts with a holistic understanding of this gestalt rather than its component parts: the brand name, logo, design or packaging, and image.

Strategic Brand Management (3rd Edition) lays out a systematic approach to understanding the key principles of building enduring brands and presents an actionable framework for brand management. Clear, succinct, and practical, it is the definitive text on building strong brands.

The Luxury Strategy, written by two world experts on the subject, provides the first rigorous blueprint for the effective management of luxury brands and companies at the highest level. It rationalizes those business models that have achieved profitability and unveils the original methods that were used to transform small family businesses such as Ferrari, Louis Vuitton, Cartier, Chanel, Armani, Gucci, and Ralph Lauren into profitable global brands. By defining the differences between premium and luxury brands and products, analysing the nature of true luxury brands and turning established marketing 'rules' upside down, it has established itself as the definitive work on the essence of a luxury brand strategy. This fully revised second edition of The Luxury Strategy explores the diversity of meanings of 'luxury' across different markets. It also now includes a section on marketing and selling luxury goods online and the impact of social networks and digital developments, cementing its position as the authority on luxury strategy.

Bringing together theories and concepts from brand management, consumer culture theory, marketing, communications, and design, this book provides an understanding of how organisations can successfully develop, market, and manage their brands. It draws extensively from scholarly research published in social sciences and humanities to provide a detailed discussion of the process of brand management and development. This book explores how organisations can design brand identities, develop brand marketing programmes, measure brand performance, and sustain brand equity, combining psychological, sociological, cultural, and management perspectives. It provides numerous examples that contextualise theory, enabling

the reader to understand how past and present branding campaigns and strategies can be deconstructed, analysed, and evaluated, using these theoretical insights. With end-of-chapter case studies on Burberry, Juventus F.C., Pukka Herbs, YO!, and many other European and global brands, Strategic Brand Management and Development is an essential text for students in marketing, brand management, and consumer research, or for anyone interested in understanding the extraordinary power and scope of brands and branding in contemporary post-modern society.

"The art of building sales is, to a large extent, the art of building brands. After reading Kapferer's book, you'll never again think of a brand as just a name. Several exciting new ideas and perspectives on brand building are offered that have been absent from our literature". --Philip Kotler". An invaluable reference for designers, marketing managers and brand managers alike". --Design magazine.

This book addresses the No 1 challenge of all major luxury brands today: How can these brands pursue their growth yet remain luxury? How do you reconcile growth and rarity? Kapferer on Luxury offers a selection of the most recent and insightful articles and original essays on the luxury growth challenge from Jean-Noël Kapferer, a world-renowned luxury analyst. Each chapter addresses a specific issue relating to the luxury growth challenge such as sustaining the 'luxury dream', adapting the internet to luxury demands, re-widening the gap with premium brands' competition, and the importance of non-delocalization. It also explores in detail facing the demand of the Chinese clients, rising sustainable quality and experiential standards, developing real luxury services and managing luxury brands within groups without diluting their equity and more. As such, Kapferer on Luxury is the perfect and timely resource for luxury executives, communication managers, luxury observers and advanced students willing to deepen their understanding of this major luxury
