Triumph Speed Triple 955i (1999-2004): Review & Buying Guide. Triumph's Speed Triple 955i followed the same path as its heavier forebears – it was basically the Daytona sportsbike with its fairing ripped off and thrown away. So you get the same grunt, growl and great handling and braking that made the 955i Daytona such a great road bike, but with a more upright riding position.

Triumph Speed Triple 955i 1999-2004 [Review & Buying Guide]

Triumph T595/955i Daytona (1997-2000) Economy. The 595 was never an economical bike – it was all too easy to dip down to 30mpg with spirited riding, and averaging much more than mid-30s took a bit of restraint on twisty roads. With an 18 litre fuel tank, that means you're likely to be looking for fuel after about 120 miles of fun.

Triumph 955i for sale | eBay

The Triumph Speed Triple is one of the second generation of Hinckley Triumphs that, in the late 1990s, really put them back on the map. The Speed Triple is essentially a naked, upright, 'streetfightered' Daytona, but it's a surprising winner that's not only brimful of bad boy character, but also manages to employ the wonderful and unique 955 triple motor into a exciting and versatile package.

Triumph 955i Speed Triple | eBay

Both the Speed Triple and the Daytona came to be referred to as 955i bikes (the Daytona adopting the 955i designation in 1999), which ended some confusion from the earlier T500 series designations. Other notable differences were silver wheels instead of black wheels, and the Speed Triple logo on the rear quarter panel was in print rather than cursive.

Triumph Speed Triple 955I for sale in UK | View 36 ads

Reluctant sale of my Roulette Green Speed Triple 955i. This is a 2003 model on an '03 plate and has done 77,000 miles, mostly up and down the motorway from Gosport to Winchester as a daily ride. Good parts : The bike is complete, serviced and in good mechanical order, currently being ridden so expect the mileage to go up a bit during the period of the auction.

Point by point, it takes the reader through everything that needs looking at when buying a Hinckley Triumph in a straightforward guide, plus spares prices, which is the best model for you, restorations and paperwork.

Take an authoritative, thorough, and heavily illustrated look at Triumph motorcycles, from beloved classics to popular new models! What do Marlon Brando, James Dean, Steve McQueen, Bob Dylan, and Arthur Fonzerelli all have in common? All of these men define the very essence of cool, and all have owned Triumph motorcycles. Originally formed as a bicycle company in 1885, in 1902 Triumph produced its first motorcycle, which was simply a bicycle fitted with a Belgian Minerva engine. From there, the company, in various iterations, went on to build some of the most iconic motorcycles of all time. For the first time ever, *The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today* collects all of the motorcycles from this iconic brand in a single volume. Written by respected Triumph expert Ian Falloon, all of the major and minor models are covered, with an emphasis on the most exemplary, era-defining motorcycles such as the Thunderbird, Tiger, Trophy, Bonneville, and new machines such as the Speed Triple, Thruxton, and Daytona 675. *The Complete Book of Classic and Modern Triumph Motorcycles 1937-Today* will also feature important non-production models and non-factory racing and speed-record-setting motorcycles that have become integral parts of Triumph's stellar reputation. This is a book no Triumph fan will want to be without!
