TV Guide modified all icons incorporated into the local listings section in May 1969, changing the font for the TV-shaped bullets identifying local stations from Futura to the standard Helvetica and using similarly TV-shaped bullets marked with the abbreviation "C" to denote color programs (replacing the bar/text icons that had been previously used); as color programming became more ubiquitous, in August 1972, the magazine opted to instead identify programs originating in black and white ...

If any of us learned we were going to move to a foreign country, we'd do everything we could to learn about that place so that we'd be prepared when moving day arrived. As Christians, we know some day we will leave our familiar country and be united with God in heaven. And yet many of us know very little about this place called heaven. In this enlightening book, bestselling author Dr. Robert Jeffress opens the Scriptures to unpack ten surprising truths about heaven and explain who we will see there and how we can prepare to go there someday. Perfect for believers or skeptics who are curious about heaven.

"Gregg's book is the closet thing I've encountered in a long time to a one-volume user's manual for operating Western Civilization." —The Stream "Reason, Faith, and the Struggle for Western Civilization offers a concise intellectual history of the West through the prism of the relationship between faith and reason." —Free Beacon The genius of Western civilization is its unique synthesis of reason and faith. But today that synthesis is under attack—from the East by radical Islam (faith without reason) and from within the West itself by aggressive secularism (reason without faith). The stakes are incalculably high. The naïve and increasingly common assumption that reason and faith are incompatible is simply at odds with the facts of history. The revelation in the Hebrew Scriptures of a reasonable Creator imbued Judaism and Christianity with a conviction that the world is intelligible, leading to the flowering of reason and the invention of science in the West. It was no accident that the Enlightenment took place in the culture formed by the Jewish and Christian faiths. We can all see that

faith without reason is benighted at best, fanatical and violent at worst. But too many forget that reason, stripped of faith, is subject to its own pathologies. A supposedly autonomous reason easily sinks into fanaticism, stifling dissent as bigoted and irrational and devouring the humane civilization fostered by the integration of reason and faith. The blood-soaked history of the twentieth century attests to the totalitarian forces unleashed by corrupted reason. But Samuel Gregg does more than lament the intellectual and spiritual ruin caused by the divorce of reason and faith. He shows that each of these foundational principles corrects the other's excesses and enhances our comprehension of the truth in a continuous renewal of civilization. By recovering this balance, we can avoid a suicidal winner-take-all conflict between reason and faith and a future that will respect neither.

Jesus Will Show You the Way Forward Today's headlines shout of modern plagues, social tensions, economic crises, and rampant depression. Many are asking, "What day is it on God's prophetic calendar?" Trusted Bible teacher and pastor Dr. David Jeremiah answers this question by opening up the Word of God to reveal what it has to say about the days in which we are living and offer hope to believers. In this ten-lesson accompanying study guide, Dr. Jeremiah deals with ten prophetic issues as current as the morning news. You will thread your way through problems that Jesus predicted—precursors of the Tribulation—and learn what steps you should take to navigate them. Even as the world collapses, you can be sure that the Lord is building His Church! You can say something, do something, pray something, preach something, and live by the convictions of Christ. Each lesson includes: An outline of the main subjects and Scriptures covered during the lesson. An overview of Dr. Jeremiah's teaching on the topic being studied. Application questions to help both individuals and small groups delve into the content and the Bible. A Did You Know? Section that adds a point of interest to the lesson. This is no time to be discouraged. Your risen and exalted Lord Jesus Christ—your enthroned Savior—knows the way forward. He will show you where to go from here.
