GRADE 8 MATHEMATICS - Virginia Department of Education

SOL 8.1 The student will a) simplify numerical expressions involving positive exponents, using rational numbers, order of operations, and properties of operations with real numbers; and b) compare and order decimals, fractions, percents, and numbers written in scientific notation.

Math 8 SOL Review - Henry County Public Schools

sol 8.16 A linear equation is an equation in two variables whose graph is a line. Graphing a linear equation requires determining a table of ordered pairs by substituting into the equation values for one variable and solving for the other variable, plotting the ordered pairs in the coordinate plane, and connecting the points to form a straight line.
