Women's Health: Readings On Social, Economic, And ...

Ellen Annandale provides a comprehensive and persuasive analysis of the contemporary social relations of gender and women's health, arguing that the once all important sex/gender distinction fosters an undue separation between the social and the biological whereas it is their interaction and flexibility that is important in the production of health and illness. New theoretical tools are needed in a world where the meaning and lived experience of biological sex and of social gender, as well as ...
